I am a Full Stack Web Developer with 2+ years of experience in Flutter and 1 + year in Laravel. Proven track record of building and optimizing applications with a strong focus on performance, scalability, and user experience. Adept at developing both frontend and backend solutions, ensuring seamless functionality across platforms. A team player with excellent problem-solving skills, strong attention to detail, and a passion for continuous learning. Highly self-motivated, adaptable, and capable of working independently to deliver high-quality solutions.
